

Noelle Beams

Noelle Beams is an executive with over 20 years of experience in corporate finance and strategy roles, primarily in the telecommunications industry. She is credited with providing strategic and financial leadership in start-up, high-growth and turnaround organizations. Noelle has guided companies from their initial concept through to becoming multi-billion dollar organizations. Her business experience includes strategic transactions (buy side and sell side), capital market transactions from public and private sources totaling over \$10 billion, recapitalization transactions, business development, financial planning, and reporting (including SEC reporting) for companies in all stages of development, Wall Street and investor relations, and treasury and accounting functions. In addition, Noelle led the acquisition of the largest U.S. spectrum portfolio for a leading provider of wireless high-speed Internet services, that later served as the platform for the nation's first 4G wireless broadband network. Noelle began her career in public accounting and holds a Bachelor of Arts with an accounting concentration from the University of Washington.

Key Leadership Accomplishments

- Raised over \$10 billion in financing from numerous sources, including debt and equity from both public and private sources and initial public offerings
- Led negotiations, managed due diligence, and presented corporate strategy and synergies to potential partners for numerous key strategic transactions with up to multi-billion dollar valuations
- Directed corporate communications with public and private investment communities
- Oversaw a wide range of treasury and accounting functions, including cash management, employee benefit plans, stock option plans, risk management, corporate tax, corporate governance, internal audit, and financial audits
